

Sèan McCann

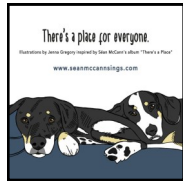

(Formerly of Great Big Sea)

Come Hear his Words and Music

(Brought to you by the HOPE North Suicide Prevention Committee as part of the many activities of HOPE Forum 10)

Colouring books will be available for purchase at \$10 each and book signing to follow event.

After publicly admitting a secret past where he used alcohol to mask the pain of sexual abuse by a priest; Séan understood that he wasn't alone and that telling his story could help others as much as it helped him.

Come listen to his music interwoven with his story; his journey as a singer, songwriter, husband, father, and now a sought after speaker and mental health advocate, always with his guitar, "Old Brown", by his side.

Everyone is Welcome!* and Admission is FREE!
